BOOSTER FORM

Our Parent-Teacher Organization provides support to enrich our children's educational experiences at Chadds Ford Elementary School. There are many ways to become involved: volunteer your time, support the booster, and attend PTO meetings to contribute your ideas for how we can best support the school.

A description of some PTO activities is attached. Please indicate with a check mark the committees on which you would like to serve. Return your volunteer form along with your membership donation to the school office together in an envelope addressed to **"PTO Booster"**.

At Chadds Ford Elementary, we are fortunate to be able to raise a large portion of our PTO budget through our Art show but we do still rely on other sources of income to round out our budget. A few years ago, we eliminated secondary fundraisers such as gift wrap, entertainment books, etc., instead encouraging support for our booster program. This worked well and we would like to follow the same process this year, keeping a suggested minimum donation of $25.00. This membership structure is consistent with other schools in our district.

Thank you for your support this year!
